

4th H Fleisch Workshop 2022 Overview & Evaluation

General Information

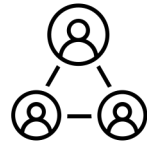

The Herbert Fleisch Workshop: a unique learning event

A 3-day residential workshop bringing together early and mid-career musculoskeletal researchers and some of the top scientists in this field, all of whom are present for the duration of the event

COLLEGIAL ATMOSPHERE

Collegial, intimate, and confidential atmosphere

PROXIMITY TO EXPERTS

Both the speakers and the attendees stay in the same hotel

IN-PERSON FORMAT

No hybrid or livestream format

ON-SITE NETWORKING

Creating a sense of community with senior attendees

ALL-IN PARTICIPATION

No session-skipping and the poster session in play

Meeting Details

- The 4th H Fleisch Workshop was held in Brugge, Belgium between **20th** and **22nd** of **November 2022**
- In 2022 we had **62** registrations from **15** countries, including Australia, New Zealand, USA, Japan, Korea, Malaysia, Kazakhstan, Spain, Poland, and the UK.
- The event included a group and speaker dinner, reception at the Brugge city hall, and a city museum visit.

Attendees' Feedback

- The meeting was **very well received by the participants**
- **The full availability of the keynote speakers** was particularly often mentioned as one of the positives of the event
- Notable among the suggestions is the request for **more mentorship sessions**

Attendees' Feedback

‘Most enjoyable bone meeting I have been to for a long time’ – **attendee**

‘So great that the 'adults' (senior investigators) were so available and willing to make contact with the young investigators’ - **attendee**

‘This workshop was a best chance to meet with specialists and to learn in the recent bone research (both basic and clinical)’ - **attendee**

‘You all created a unique, collegiate and inspiring atmosphere in which to share exciting new data making the workshop one of best bone meeting I have been to. I would like to thank you again for the invitation that allowed me to be part of it.’

H Fleisch Workshop Speaker

2022 Speakers

Prof. Duncan Bassett
(Imperial College London)

Genetics and large-scale omics technologies in bone research

Prof. Georg Schett
(Friedrich-Alexander University Erlangen-Nürnberg)

Cellular pathogenesis and inflammation in rheumatoid arthritis

Prof. Anna Teti
(University of L'Aquila)

Bone pathology / malignancy and therapy research

Prof. Ernestina Schipani
(University of Pennsylvania)

Hypoxia signalling and cell metabolism in the skeleton

Prof. Eileen Shore
(University of Pennsylvania)

Rare genetic disease and heterotopic ossification

Prof. Ormond MacDougald
(University of Michigan)

Interplay between bone and fat

Steering Committee

Roland Baron
Roger Bouillon
Christa Maes
Bente Langdahl
Natalie Sims
Yuuki Imai
Elena Tsourdi

Federico Moscogiuri (IFMRS)
Kris Kaleta (IFMRS)

Organizational Support

We are greatly appreciative of the excellent support provided by:

KU LEUVEN

External Relations,
Conferences and
Events Office

Anne Holemans, KU Leuven

Heleen Van den Bosch, KU Leuven

Milan Vandermeulen, KU Leuven

Iris Rademaekers, KU Leuven

Sponsorship Details

Gold Level Sponsor

Inspired by **patients.**
Driven by **science.**

Silver Level Sponsor

AMGEN[®]

Bronze Level Sponsors

KYOWA KIRIN

Research Foundation
Flanders
Opening new horizons

This event is supported by the FWO

Travel Grants

4th Herbert Fleisch Workshop

KU LEUVEN

20-22 November 2022 | Brugge, Belgium

Thanks to our partner societies who have provided travel grants for several young investigator participants

4th Herbert Fleisch Workshop

KU LEUVEN

20-22 November 2022 | Brugge, Belgium

Congratulations to all travel support awardees
